Re: Portland Harbor Superfund Site 104(e) Extension Request
The Marine Salvage Consortium, Inc. dba Fred Devine Diving & Salvage
("Devine")

Dear Ms. Yamamoto:

In accordance with the referenced Respondent's extension to respond to the 104(e) Request, Devine is providing this status report.

1. Devine has completed review of the physical files, identified, scanned and reproduced all documents responsive to the request, with the exception of one FOAI request from the U.S. Army Corps of Engineers, who unfortunately sent incorrect documents in error, but has informed Devine that the documents will be mailed June 16, 2008.; and requests to private utility companies with respect to their service lines to Property No. 1.
2. Devine has completed answers to 76 of the Requests and their subparts, and has partially completed the remaining six Requests.
3. In addition to responding to the above, the tasks remaining include numbering the documents included and identified in the response, assembling these documents and placing them in order, in binders.

Deb Yamamoto
Unit Manager
Cleanup Unit #2
USEPA
June 13, 2008

Devine fully expects to complete these remaining tasks and provide the response on or before June 30, 2008. I ask that you acknowledge receipt of this status report.

Sincerely,

LeAnn Bailey
